## The Natural Beauty coming to your site from Japan!

### **1** Please feel free to contact us!

---

Please contact us via email for quickest communication. Also, please provide us with panoramic photos and as much details as possible of your planned site and area size.

### **2** Let us know your image and proposed design.

---

Where possible, please inform us with an image of your desired garden, which brings us to understand your vision easier. If you show us any photos or existing gardens that impressed you, that would be helpful. You can also send us your own personal sketches. We encourage you to inquire and we will be more than happy to recommend our proposals to you regardless if you send images or not. We start out by drawing the perspectives and send you an estimate. It will take approximately 2 weeks.

### **3** Contract and confirmation of the site.

---

We continuously interview your needs and proposals, and then draw up the contract after the careful observation from both sides. After the conclusion of the contract, we will visit you face to face, talk to you in person for more details and confirm your site before construction get started. We always look forward to our first meeting with our clients as it is an exciting part of the process for us. We hope it will be for you too!

### **4** Preparation for the construction site.

---

This concludes procurement, transport arrangement, and adjustment of schedule.

### **5** Construction.

---

We proudly serve our clients the highest quality of our construction skills and strive to meet the aesthetic and functional requirements for your project. We will work closely with you to ensure we meet your needs and your goals. Your satisfaction is our top priority.
